Explore differences between US and Irish systems of food safety in the fish farming and cheese-making industries on site in the USA and Ireland!

Applications due February 28, 2020
Financial Aid is Available!
Financial Aid Options for Global One Health: US and Irish Perspectives, May 2019

Be sure to have a FAFSA form on file to access need-based financial aid.

- Education Abroad Office: Multiple scholarships are available. Some are automatically given to qualified students, some require additional application: https://abroad.uconn.edu/scholarships/. You will generally find out which scholarships have been awarded to you a week or so after the Education Abroad deadline (eg, prior to your final commitment).

- UConn Financial Aid is available if you already receive financial aid, and you take at least 6 credits during the summer (this course is 3 credits and does NOT charge tuition, so you would need to take an additional 3 or more UConn credits in the summer to be eligible for summer course grants or loans from the UConn financial aid office): https://financialaid.uconn.edu/abroad/

- CAHNR International Travel Scholarships: The College of Agriculture, Health and Natural Resources has limited scholarship funds available to help support international travel for students in CAHNR. Information and application form is available here: https://grow.uconn.edu/travel/
